JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact support@jstor.org.

Report from Nagasaki.

Sanitary Inspector Bowie reports, October 14, 1904, 36 would-be emigrants for Manila recommended for rejection at Nagasaki.

PANAMA.

Report from Colon—inspection of vessels.

Acting Assistant Surgeon Mohr reports, November 21, as follows:

For the week ended November 19, 1904, the following vessels have cleared for ports in the United States and have been granted bills of health. British steamship *Darien*, for New Orleans, via Jamaica and Mexican ports, November 15, with 46 crew and 45 passengers; American steamship *Yucatan*, for New York, November 16, with 72 crew and 60 passengers; Norwegian steamship *Ellis*, for New Orleans, via Port Limon, Costa Rica, November 17, with 34 crew and 14 passengers.

PHILIPPINE ISLANDS.

Reports from Manila—Sanitary conditions in the islands favorable—quarantine transactions for September, 1904.

Chief Quarantine Officer Heiser reports as follows:

For the week ended October 15, 1904, there were no quarantinable diseases reported in the city of Manila. A few scattered cases of small-pox have been reported from the provinces. The sanitary situation throughout the Philippines is more favorable at present than at any time during the period in which the islands have been in the possession of the United States. Owing to the quarantine of seven days which steerage passengers embarking at Amoy for Manila were compelled to undergo having been lifted, the number of incoming Chinese steerage passengers has been greatly augmented.

The following vessels cleared for United States and insular ports:

October 11, 1904, the U. S. naval collier *Alexander*, for Guam.

October 15, 1904, the U. S. army transport *Thomas*, for San Francisco via Nagasaki and Honolulu. Crew and steerage passengers were bathed and their effects disinfected. Cabin passengers were inspected on board prior to sailing. Cargo manifests were signed and all articles taken on at this port not accounted for on the ship's manifests, and which were inspected, were labeled. Crew, 176; cabin passengers, 137; steerage passengers, 454.

Quarantine transactions in the Philippine Islands during the month of September, 1904.
